

## **NASHOBA ASSOCIATED BOARDS OF HEALTH**

In an attempt to provide an inexpensive method to properly dispose of syringes (sharps) the Nashoba Associated Board of Health has established the following program for its member communities.

1. Sharps containers will be available at your local Town Hall for purchase (the purchase price covers the cost of disposal).
2. Once the container is full it can be brought to the Nashoba Associated Boards of Health Building in Ayer or the Nashoba Nursing Service in Shirley during the following times Monday – Friday 9:00am to 4:00pm.
3. When dropping off the full container, new containers can be purchased.
4. Sharps can only be accepted in approved containers; persons who bring loose sharps or sharps in unapproved containers (i.e. detergent bottle or coffee can) will need to purchase the appropriate container for disposal and place the sharps in that container before they can be accepted.

Any questions regarding this program can be directed to Sue Harris at 978-425-6675 x 1321 or Jim Garreffo at 978-772-3335 x 3018.
