"The American High School Today" by James B. Conant was purchased with money from the Howard Fund.

There have been 19 books borrowed from the State Inter-library Loan. It is hoped that more people will take advantage of this excellent opportunity for borrowing non fiction books not obtainable in our library.

A gradual weeding process is underway to remove out-dated and non-circulating books from the over crowded shelves. This is being done with the advice of the Massachusetts Library Supervisory Service. Modern classics are being purchased to fill in gaps of authors and titles not on our shelves. In these ways our library will be made more up to date and efficient, thereby giving greater service to the community.

"Valiant Companions" by Helen E. Waite was purchased with money from the Howard Fund.

In March the library hours were increased from eight to ten hours a week, being open Wednesday as well as Friday from 2-5. This has been very popular. At this time the fines were increased from two cents a week to one cent a day.

There were 28 books borrowed from State Interlibrary Loan.

We are gradually building up our reference collection so that we may give more service to students when the Regional High School is completed.

"Mary Emma & Company", By Ralph Moody was purchased with money from the Howard Fund.

There were 32 books borrowed from the State Interlibrary Loan.

Our library now has a telephone and books may be renewed by calling during library hours. 838-2812.

On October first we increased the library hours from 10 to 15 a week, now being open three days, Monday, Wednesday and Friday 2-5 and 7-9. This was done primarily to accommodate our students. We have added many new reference books this year to aid students in research assignments.

This library is a member of the Central Regional System and townspeople may borrow from the Regional Film Library. This valuable service is free to organizations and individuals. Call or come to the library for information and lists of films available.
